<div>(Check One)</div> <input type="checkbox"/> Moved <input checked="" type="checkbox"/> Original Site	
DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE	
<p>This building is located near the end of the block and was constructed in the 1860's. It is three stories high and three bays wide and has a flat roof.</p> <p>The brick exterior (laid in running bond) is accented by flat stone lintels and sills, and decorative wooden and stone belt courses. The other significant architectural element of the house, the doorway is flanked by two stone posts and a lintel and is located left of center. Ten brick steps flanked by a wrought iron handrail lead to the doorway. A cornice crowns the doorway which is surmounted by a ten-section light.</p> <p>There is a second entrance for the basement at ground level and located to the right of the main entrance.</p> <p>Symmetrical fenestration proportionally scaled from first to third floors, punctuates the facade. The windows are double hung with two-over-two lights. A wooden cornice with a line of brackets and dentils adorns the roofline.</p>
